# ONE MORNING IN SEPTEMBER

The Palace at Weston hosted a special event to honor Edwin Jorge, a 9/11 survivor and former Regional Manager of the New York Peace Corps Office. Edwin had been in Building 6 of the World Trade Center when the North Tower collapsed. Activity Director Justin Valdes shared Edwin's powerful story and recited his poem, *One Morning in September*, <https://peacecorpsworldwide.org/one-morning-in-september-by-edwin-jorge-jamaica/> reflecting on his experience. The Mayor of Weston, Margaret Brown, presented an honorary certificate to Edwin, followed by a photo opportunity with the Weston Fire Department, recognizing Edwin's resilience and contributions to the community.
